

COLLEGE CLASSIC CANCELLATION POLICY

Keeping all new event health and safety guidelines in mind, we have updated our Refund Policy for the 2021 College Classic Invitational.

If Dance Team Union cancels the College Classic Invitational, registration fees will be refunded by check or credited to the registered account based on team preference.

If Dance Team Union decides to make the College Classic Invitational virtual, teams with already existing registrations will be transitioned to the virtual event. Funds already paid toward original invoice will be credited towards a new invoice with adjusted virtual pricing. Any additional funds will be refunded by check or credited to the registered account based on team preference. For teams who choose not to compete in the virtual version of the College Classic Invitational, registration fees will be refunded by check or credited to the registered account after a consultation with the DTU office.

If local or school health guidelines prohibit teams from attending the College Classic Invitational, whether hosted in person or virtually, a consultation with the DTU office will be held for the best outcome for both parties. Documentation from local or school officials must be provided to DTU in order to cancel registration.

If the cancellation occurs:

MORE THAN 30 days before the Championship, registration fees will be refunded by check or credited to the registered account based on team preference.

WITHIN 30 days of the Championship, a full refund by check may not be possible due to third-party requirements. In this case, any amount not refunded will be credited to the registered account.

For other cancellations unrelated to COVID, normal cancellation fees will apply. See below.

Prior to March 1st: \$100 per person

On or after March 1st: Full forfeiture
